GOVERNMENT EXAMINATIONS, 1908.

SPECIAL TEST EXAMINATIONS—OCTOBER 1908.

NOTICE TO CANDIDATES FOR THE PRÉCIS-WRITING TEST.

The following instructions are published in order that candidates may know what is expected of them in this test :—

Instructions to Candidates.

The object of a précis is that any one who has not time to read the original correspondence may, by reading the précis, be put in possession of all the leading features of what passed.

2. The candidate should begin by reading the whole of the correspondence carefully through without writing anything, so that he may clearly understand what passed and be in a position to decide what are the main heads under which the important facts should be arranged. He should then read through the paper again marking what is important.

3. The précis should begin with a brief and lucid introduction to the subject or its treatment. This should be followed by a narrative in the past tense containing a brief and clear statement of the contents of the correspondence, not in the order of the papers nor even necessarily in chronological order, but in *logical* order. An abstract of every paper in the correspondence or an index of its contents is not a précis.

4. The merits of a précis are—

(1) to contain all that is important in the correspondence and nothing that is unimportant ;
(2) to present facts in a readable and consecutive shape, expressed as intelligently and distinctly as possible ;
(3) to be as brief as is compatible with completeness and clearness ;
(4) to present a strictly accurate and logically connected statement of the contents of the correspondence.

No candidate can expect to pass who omits any one of the most important points, marks will be deducted if unimportant points are included as if facts are repeated unnecessarily ; *e.g.*, it is not ordinarily necessary to give the date of every paper in the correspondence and the full name and designation of the writer or recipient of every letter ; and if a fact is repeated in different papers it need not generally be noted more than once in the précis.

5. Grammar, spelling, style and handwriting will be considered in assigning marks, but it must be remembered that mere excellence in composition will not compensate for inaccuracy or incompleteness in the presentation of the facts of the correspondence.

2. Tree tapping licenses shall be issued on the application—

(a) of licensed toddy shopkeepers in areas in which the toddy shops are sold by auction or licensed separately ;

(*b*) of persons having the exclusive privilege of manufacture and supply of arrack as foreign liquor,

(*c*) of persons having the exclusive privilege of manufacture and vend of country spirits in British Cochin;

(*d*) of tappers on their own application in the South Canara district, provided the application for license is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged to be correct by the shopkeeper to whose shop the toddy is to be taken;

(*e*) of tree owners generally, and of sweet-toddy tappers in the Godavari district, and in the Narsapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the Kistna district, for not more than five trees for the drawing of toddy required for domestic consumption, but not for sale; and

(*f*) of toddy shopkeepers or renters in the Mysore territory and in the Banganapalle State desiring to obtain toddy from trees growing in British territory.

In cases (*a*), (*b*), (*c*), (*e*) and (*f*) the licenses may be issued in the name of the applicant himself or of his nominee, and in case (*d*) in the name of the applicant only.

3. Persons wishing to apply for the grant of tree-tapping licenses must first pay the fees (or the first instalment thereof, as the case may be) due on account of the trees which they desire to tap, into a Government treasury, which may be either the District treasury, a Sub-treasury or a Salt treasury. Collectors may also empower heads of villages to receive payments on account of tree-tax and to grant receipts therefor.

4. (1) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Inspector, Salt, Abkári and Customs Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors, Salt, Abkári and Customs Department, and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications put in by shopkeepers and tappers need not be stamped; those put in by other persons must bear a court-fee stamp of one anna. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer; if payment has been made to a village head the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildar's treasury and should present before the British Tahsildar or Deputy Tahsildar concerned along with the application in form T.T. 6, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree tapping license in Mysore. The tree-tax should be calculated at the higher rate if the rates are not the same on the two sides of the frontier.

(2) Applications for tree-tapping licenses in the South Canara district should be countersigned by the owner of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the tree-tax in one instalment into British treasuries and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree tax to be paid in such cases will invariably be the higher rate in force if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licenses for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford rent thereto or for other sufficient reason and the mere payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licenses for trees so reserved.

6. Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax, the rate being the same as in the Kurnool district. Similarly those in the Banganapalle State will be allowed to tap trees in the adjoining British territory.

7. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8. (1) On receipt of an application, the Inspector, unless he sees special cause to the contrary, will at once take steps for the marking of the trees by an officer superior in rank to a petty officer acting for the issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the Godavari district and in the Narsapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the Kistna district trees intended for the drawing of fermented toddy and those for the drawing of sweet toddy shall, as far as possible, be in separate topes or blocks.

9. Collectors may, from time to time, prescribe the minimum number of trees to be entered in an original application. They may also direct that the trees situated in one village only shall be included in an application.

10. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the fee (or the first instalment thereof, as the case may be) has been paid, a receipt has been obtained and the application in the prescribed form has been delivered to the Inspector.

11. For palmyra and date trees in the Presidency and for Dadapul (*Areca Wallichii*) trees in South Canara, tree-tapping licenses shall be annual, that is, in force from 1st October or any subsequent date to the 30th September immediately following, and for sesamum and sago trees they shall be half-yearly, that is, in force from 1st October or any subsequent date to the 31st March immediately following, and from 1st April or any subsequent date to the 30th September immediately following.

12. The following shall be the fees payable on account of each tree for the tapping of which license is applied for :—

No. 30.] MADRAS, TUESDAY EVENING, JULY 28, 1908. [Price, 1 anna.

SALT, ABKÁRI AND CUSTOMS DEPARTMENT.

NOTIFICATION,

No. 12, *dated* 24th *July* 1908.

NOTICE OF SALE OF ABKÁRI PRIVILEGES.

Notice is hereby given that the number of farms and independent shops appointed for the sale of liquor during the twelve months beginning 1st October 1908 and ending 30th September 1909 and the local limits appointed for them will be notified by Collectors in their District Gazettes, and that the privilege of sale therein will be put up to public auction on the dates, at the places and by the officers to be notified by Collectors subject to the conditions hereinafter set forth.

Conditions of Auction Sale.

II. The districts in which independent toddy shops, arrack farms and arrack and toddy farms, respectively, will be sold are specified below :—

Independent toddy shops	Arrack farms.	Arrack and toddy farms.
1	2	3
Throughout the Presidency including the Sanganapalle State and excluding the Madras Town Circle, the Nilgiri district and certain areas in the Ganjam, Vizagapatam and Malabar districts.	Cochin Town and the Attapadi Valley.	Revenues applying pattams of British Cochin.

A separate notification will be issued regarding operations under the tree-tax system. Collectors will issue others regarding the tracts where special systems are in force.

III. A deposit must be made by each bidder previous to bidding and will be received at any time within three days previous to the date of sale. A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of farms Rs. 100 will be the ordinary deposit. This will be reduced to Rs. 50 in the case of bidders for farms of an aggregate monthly rental of not more than Rs. 100 and to Rs. 10 in the case of bidders for single small farms. In the Kurnool district, the Collector may, where he finds it necessary, require a deposit of Rs. 10 only from bidders for toddy shops. In the South Canara district, the selling officers may at their discretion reduce the deposit to Rs. 2 for shops whose average monthly rental does not exceed Rs. 3.

IV. The shops or farms will be put up to auction in the order in which they are notified, unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the Collectors. The reserve price placed by Government on the shops or farms will not be published, but the average of the previous five years' rentals will be notified by the Collectors, wherever possible, for the information of bidders.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Abkári / Opium Act as to render him undesirable as a holder of a license or on the ground that he is insolvent or to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative, after recording his reasons for doing so.

VII. The shops and farms will be knocked down to the highest bidder, but the sale will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid, unless revised by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any officer appointed by him.

VIII. In case of dispute the selling officer's decision shall be final. If for any reason the highest bid is rejected, the next highest shall be taken or the shop or farm re-sold at his discretion.

IX. As soon as possible after the auction is completed, the deposits made by the unsuccessful bidders will be returned to them. As the auctions proceed, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit* of half a month's rent (in addition to the deposit made under clause III) for each shop or farm unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him under clause III will be forfeited and the farm or shop will be put up again on the above conditions or otherwise disposed of as the Collector may determine and the defaulter will be debarred from bidding again for the same or for any other farm or shop.

X. Persons to whom farms and shops have been knocked down and who have made deposits as provided in clauses III and IX, shall also deposit* such further sum as with the former deposits will make up two months' rent (to be paid within ten days from the date of communication of the Collector's acceptance of the bid) and shall without unnecessary delay execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns. Should the total deposit exceed the sum required to be deposited under this clause, the excess will be refunded unless the purchaser is required to deposit twice that sum under clause XI *infra*.

XI. If on enquiry subsequent to sale, the purchaser shall be found to be of doubtful solvency, he may be required either to deposit twice the sum prescribed in clause X *supra*, or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (article 34, schedule I, Act II of 1899) and registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XII. On the failure of any person to make deposit under clause X or to comply with the requisition under clause XI *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made may be forfeited and the shop or farm be re-sold or otherwise disposed of at the discretion of the Collector.

XIII. Re-sales effected under clause XII will be at the risk of the defaulting bidder, who will forfeit all sums, and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale.

XIV. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, as the case may be, will be taken as security for the due performance of the conditions of the license. If the Collector and licensee so agree, it may be credited towards the last instalments of the kists payable by the latter.

The licenses issued under the above clauses will contain the following general conditions common to all abkári and opium licenses and the special conditions prescribed below.

General Conditions applicable to all Abkári and Opium Licenses.

1. Contract suppliers of country spirits are prohibited from holding any interest in the retail vend of arrack or in the vend of other intoxicants in any part of their farms and from employing any person who has such interest. This prohibition does not extend to the wholesale supply of foreign liquor or of rectified spirit to licensed vendors; nor does it prevent distillers from holding an interest in the retail sale of country spirits in areas other than those for which they have been granted the supply contract.

2. The limits within which sales under any abkári or opium license may be carried on will be specified by the Collector at the time of the grant of the license. The sale or possession (except subject

* Deposits may be in cash or other approved security.

to the rules applicable to unlicensed persons) of liquor, opium or intoxicating drugs outside those limits is prohibited.

3. Sales must be conducted in a suitable building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communication between the depot or shop and any adjoining dwelling-house, they must be kept locked at night.

4. Except in the case where two or more foreign liquor licenses are held by one person, sales under each license issued must be in different premises (chemists and druggists and medical practitioners excepted). The possession upon any licensed premises of any liquor, opium or intoxicating drug except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor is prohibited. But intoxicating drugs made from opium or the poppy other than morphia or preparations for smoking may be prepared and sold in shops licensed for the sale of opium.

5. A sign-board must be affixed to the front of each depot or shop showing the nature and number of the license under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor) the current rate of sale. These particulars must be legibly painted in the local vernacular and, in the case of taverns and wholesale depots, in English also. The license must be hung up in a conspicuous place within.

6. All liquor, opium and intoxicating drugs sold or kept for sale shall be of good quality and unadulterated. Nothing shall be added to them either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. All officers authorized to inspect depots and shops (*vide* condition 25 *infra*) are authorized to detain any liquor, opium or intoxicating drug found unfit for consumption or use, or which they may believe to have been tampered with and all Collectors and Deputy and Assistant Commissioners of the Salt, Abkári and Customs Department are empowered to destroy such as are found unfit for consumption or use.

7. The sale or transport of liquor, opium or intoxicating drugs by persons below the age of 24 or by persons suffering from leprosy or any contagious disease and the employment of such persons in shops or depots for the sale of the same are prohibited. The Collector may, where necessary, call for the names of all persons employed or proposed to be employed in depots or shops and forbid the sale of liquor, opium or intoxicating drugs by any person of whom he may disapprove.

8. No depot or shop shall be opened before sunrise or kept open after 9 P.M.* except under special authority.

9. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

10. No robbers or thieves or disorderly or riotous persons shall be harboured in depots and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police officer.

11. No person shall be harboured in any depot or shop during the night.

12. Depots and shops situated on or adjacent to the line of march must be closed, if the Collector so orders, while a regiment or detachment of European or native soldiers is passing or is encamped in the vicinity or in times of religious excitement or disturbance. Every depot and shopkeeper shall on his own motion close his depot or shop when there is riot or disturbance in the neighbourhood.

13. The Collectors may order the transfer of depots and shops from one locality to another or their closure or the opening of new depots and shops within limits as to number to be fixed by the Board of Revenue in their discretion. But no new shop should be opened unless notice of the sites selected has been published in the District Gazette six months before the commencement of the lease and no such changes as affect the interests of adjacent shopkeepers shall be made during the currency of a lease except under special sanction of the Board. Collectors may at any time permit the transfer of a shop within the limits notified for the shop in the sale notice.

14. The right is reserved to the Collector to grant "Occasional Licenses" for the sale of liquor, opium and intoxicating drugs, on the occurrence of fairs, festivals, etc., in places in the vicinity of which there are no regularly licensed shops. Such licenses shall ordinarily be granted to the shopkeepers who usually supply the locality or to the representatives of the same. Their period shall not exceed ten days, and the fee to be paid therefor shall be fixed at the Collector's discretion.

15. No liquor, opium or intoxicating drug shall be sold or given—

(*a*) Except at shops specially approved by the General Officer Commanding the Division (or Independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the license—

(1) to sailors, soldiers and the members of their families, or
(2) to any other person living in barracks;

(*b*) whilst on duty, to any—

(1) camp-follower, member of the Police force, or officer of the Salt, Abkári and Customs Department;
(2) servant of a Railway Company; or

(*c*) in any circumstances, to any—

(1) European vagrant under escort of the Police;
(2) child under fourteen years of age;
(3) insane person; or
(4) person known or believed to be intoxicated.

* 10 P.M. in the Madras Town.

16. No privilege of supply or vend shall be sold, transferred or sub-rented without the Collector's previous permission. Nor, if the Collector so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

17. No holder of any abkári or opium license will be allowed, without special permission from the Collector, to possess any interest in any abkári or opium license in any foreign territory or British territory in which the duty is lower, adjacent to the district in which he holds his license.

18. Depots and shops must be kept open unless their temporary or permanent closure is authorized by the Collector, and such supply of liquor, opium or intoxicating drugs as the Collector may consider sufficient to meet local requirements must be maintained therein. Shops not opened by dates to be fixed by the Collector shall be liable to be resold at the risk of the licensees.

19. No liquor, opium or intoxicating drug shall be sold in shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in foreign liquor for consumption off the premises.

20. No liquor, opium or intoxicating drug shall be sold either below or above such minimum * or maximum † prices as may be fixed for sale of the same in accordance with the law for the time being in force.

21. No liquor, opium or intoxicating drug in excess of the quantity prescribed ‡ for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit; nor shall they be sold at wholesale depots in quantities less than the minima prescribed.

22. True accounts of transactions shall be maintained from day to day in ink in the prescribed form. § The accounts and permits shall be in printed books. The account books may be obtained from local Revenue officers on payment of cost price. The permit books can be obtained at all Circle offices on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, opium or intoxicating drugs received and the counterfoils of permits issued must be carefully filed. The signing of blank permits for subsequent issue is prohibited. The accounts and counterfoils of permits shall be preserved for one year after the period covered by the license and shall be produced when called for by an officer not below the rank of Assistant Inspector of the Salt, Abkári and Customs Department.

23. Such returns and information as may be required by the Collector from time to time shall be furnished by holders of licenses.

24. Only such weights and measures as may from time to time be prescribed by the Commissioner of Salt, Abkári and Separate Revenue shall be possessed or used on any licensed premises, and they shall be tested and stamped by the stamping establishment of the district if the Collector shall so direct. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment.

25. The officers authorized to inspect licensed shops and depots are—

(1) any officer of the Revenue Department of rank not lower than Revenue Inspector, and
(2) any officer of the Salt, Abkári and Customs Department of rank not lower than Sub-Inspector.

These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, opium and intoxicating drugs under sale, and to call for and check the accounts kept in the shop or depot. Police officers will also make inspections when it comes within the scope of their duty.

26. An inspection note-book, with the pages numbered consecutively, for inspecting officers to enter their remarks in, shall be maintained, and be handed over to the Inspector of the Circle or any officer authorized by him to receive it on a receipt being given therefor.

27. The amount for which the privilege has been purchased shall be payable in twelve equal monthly instalments into a Government Treasury on or before the ‖ 10th of each month beginning with April or October as the case may be. Fees for depots should be prepaid.

28. No remission or abatement of the rent shall be claimable on any account whatever.

† For opium shops in the Ganjám, Vizagapatam and Gódávari districts, and in the táluks of Narasapur, Bhimavaram Tanuku, Ellore and Tiruvuru of the Kistna district, an uniform rate of one rupee per two and a quarter tolas has been fixed.

Half a gallon except in special localities separately notified where it is one dram, in the Karnool Municipality eight drams. In the Agencies of Ganjám, Vizagapatam and Gódávari, any quantity up to such limit not exceeding ten tolas as the Board may, from time to time, prescribe, and elsewhere three tolas of opium or preparations therefrom other than morphia or preparations for smoking; five seers of poppy-heads.

§ The only toddy shops to which this condition applies at present are those in the Madras Town Circle.
‖ In the Madras Town Circle, however, separate orders are in force in this regard.

29. Any sum due by a licensee may be collected* under the Revenue Recovery Act or adjusted from the deposit, if any, made by him at the commencement of the lease. He shall be bound to replace any sums adjusted from his deposit within fifteen days of receipt of notice from the Collector.

30. Power is further reserved to Revenue officers to suspend* licenses in case of failure of payment of kists or (in the case of toddy) tree-tax also on the due dates. In the case of arrack, toddy, ganja and beer shops and taverns, this power will be exercised by Tahsildars,† in the case of opium shops by Divisional officers and in other cases by the Collectors.

31. In the event of suspension of a license for failure to pay arrears, the privilege of sale will be re-sold with effect from the date of issue of license to the new purchaser or otherwise disposed of at the Collector's discretion. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues.

The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture.

The officer who has power to suspend the license may, however, at his discretion, allow sales to continue pending re-sale or other disposal of the privilege.

32. Interest on all moneys due shall be payable at the rate of 6 per cent. per annum.

33. Infraction of any of the conditions of the license either by a licensee or by any person in his employment will entail on the licensee—

Either (*a*) fine up to Rs. 50,

or (*b*) forfeiture of deposits, if any, and cancellation of license and re-sale or other disposal of the privilege at the risk of the licensee.

The licensee or his agent may also be prosecuted for the specific offence committed.

The rent for the whole lease shall become due at once, when a lease is cancelled under this condition.

Note.—For continuing breaches of a license, continuing fines may be imposed.

34. Any license may be forfeited and the privilege be re-sold or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the Abkári Opium Act, or of any offence under the Indian Penal Code, which in the Collector's opinion renders him unfit to hold it. The purchaser of a privilege is liable to the penalties prescribed in this condition if he is convicted of any such offence as above contemplated after the confirmation of the sale of the privilege to him though before issue of a formal license. Forfeiture of any license under this clause shall involve forfeiture of the balance of all deposits after payment to Government of all sums due under the lease.

35. Licensees are bound to report to the Collector all instances which come to their knowledge of persons employed by them in the manufacture, carriage or sale of liquor, opium and intoxicating drugs, committing breaches of the Abkári Opium laws or of engagements entered into by them and to comply with the Collector's orders respecting the continued employment of such persons. No persons who have been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Collector's previous permission.

36. Pecuniary dealings by licensees of any kind whatever with officials of the Salt, Abkári and Customs Department are absolutely prohibited.

37. With the sanction of the Board of Revenue, any license shall be revocable by the Collector at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

38. All licensees shall be bound by any additional general rules that may be prescribed under the Abkári Opium laws and, if so required by the Collector or any officer authorised by him, to deliver up their licenses for amendment or for the issue of fresh ones.

Conditions applicable to Toddy Licenses.

1. The privilege conferred extends only to the sale of toddy.

2. Toddy required for sale should be drawn under separate tree-tapping licenses to be obtained under the tree-tax rules from toddy trees in the tract in which the shop is situated or in any other tract in which the rates of tree-tax are not lower, subject to the discretion of the officer granting transport permits.

3. No toddy except the produce of trees, for the tapping of which a license has been issued, shall be kept in the shop, offered for sale or sold.

4. Tree tapping licenses must be taken out and the shop opened within a reasonable period to be fixed by the Collector.

5. The Collector will fix the minimum number of trees to be entered in original applications for tree-tapping licenses.

6. Toddy may be imported from Native States on payment of a duty of one anna per gallon for sale in toddy shops in the case of the following districts:—

From His Highness the Nizam's Dominions into Bellary and from Native Cochin into the Cochin taluk of the Malabar district.

7. Toddy shopkeepers in districts adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of tree-tax into British treasuries. Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the state on payment of tree-tax. Similarly those in the Banganapalle State will be allowed to tap trees in the adjoining British territory.

* Shops and farms are liable to be re-sold for failure to pay kists only after the 20th. In the meantime interest will be levied.

† Includes Deputy Tahsildars in independent charge.

8. The license confers no right to the free use of any trees.

9. Arrangements for tapping private trees must be made with the owners thereof and tree-tax at the prescribed rates paid thereon.

10. [1] In the majority of districts Government trees of the full size may be tapped on payment of tree-tax *viz.*, a fee of four annas per tree or such other rate not exceeding eight annas as may be sanctioned by the Board of Revenue subject to the following conditions in respect thereof :—

(*a*) The licensee will (subject to existing rights) be entitled to the general usufruct of the trees inclusive of the right to cut the leaves, gather the fruit and tap the trees for toddy. But he must not denude a tree of leaves to such an extent that it has not eight remaining.

(*b*) As regards the tapping of date trees—

(i) No incision shall be made at any point within 4 feet from the ground or 1 foot from the base of the central wheels or 18 inches from the top of any other incision. The limits above prescribed may be reduced by half in the Ceded districts at the Collector's discretion.

(ii) The incision shall not be cut to a greater depth than one-third of the diameter of the tree.

(iii) No tree shall be tapped oftener than in alternate years or for more than six months in the year.

(iv) The tappers shall leave not less than eight leaves on the top of the tree in addition to the central wheels springing from the head of tree.

(*c*) The licensee will not be entitled to compensation for any trees withdrawn or taken up for public purposes or for any trees standing on the banks or beds of irrigation works under the control of the Public Works Department which that department may require to cut down or strip of their leaves or branches.

(*d*) The licensee shall be bound by such other conditions as may be prescribed by the Collector in this behalf.

(*e*) The licensee shall pay the ordinary tree owner's fee for all trees prepared for tapping whether tree tapping licenses are taken out for them or not. He will be liable to pay a fine of one rupee for each tree which may die from overtapping either during the lease or within six months after its expiration. In the case of date trees he will be liable to pay a similar fine for every tree which he prepares for tapping if it dies in consequence of such preparation.

(*f*) When the licensee makes default and his shop is re-sold, his rights to and claims on Government trees cease and determine.

In districts other than those in which the above system is in force, the usufruct of Government trees, including the right to allow the trees to be tapped on payment of tree-tax by persons duly licensed, will be otherwise disposed of and the licensee must make his own arrangements with the renters of the trees or the persons who enjoy the right to the usufruct.

11. The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

12. The distillation of spirits from toddy is absolutely prohibited.

13. Permits for the transport of toddy from shops to stills will be granted, at the discretion of the officer concerned, in the Coorg taluk of Malabar.

14. No sweet toddy, even if it be the produce of marked trees on which tree-tax has been paid, shall be kept or sold in the shop, nor shall any sweet toddy be mixed or allowed to be mixed with fermented toddy drawn from trees marked for the shop either in the shop or outside it.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT

Bills introduced in the Council of the Governor General of India for making Laws and Regulations, Reports of Select Committees presented to the Council, and Bills published under Rule 23.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 16th July 1908.

No. 7 of 1908.

A Bill to amend the Assam Labour and Emigration Act, 1901.

VI of 1901. WHEREAS it is expedient to amend the Assam Labour and Emigration Act, 1901; it is hereby enacted as follows:—

Short title. 1. This Act may be called the Assam Labour and Emigration (Amendment) Act, 1908.

VI of 1901. Substitution of new section for section 91, Act VI, 1901. 2. For section 91 of the Assam Labour and Emigration Act, 1901, the following shall be substituted, namely:—

Power to Local Government to relax certain provisions of Act. "91. Notwithstanding anything contained in section 90, the Local Government may, by notification in the local official Gazette, declare that—

(a) in the case of contractors, sub-contractors and recruiters holding licenses granted under Chapter III, any of the requirements of that Chapter, or,

(*b*) in the case of garden-sardars holding certificates granted under Chapter IV or holding permits granted and countersigned under section 90, any of the requirements of that Chapter or of that section, as the case may be,

may be dispensed with or relaxed on such conditions as may be prescribed in the notification."

Substitution of new section for section 218, Act VI of 1901.

3. For section 218 of the said Act the following shall be substituted, namely :—

Application of proceeds of fines, fees and rates

"218. The proceeds of any fines, fees and rates under this Act which may be credited to Government shall be expended, in such manner as the Governor General in Council may direct, on paying the salaries and allowances of officers appointed under this Act and their pensionary and leave allowances, on meeting the cost of sending labourers and other persons back to their native districts, and generally on defraying the expenses of carrying out the purposes and objects of this Act and any rules made thereunder, and not otherwise."

STATEMENT OF OBJECTS AND REASONS.

In view of the proposed withdrawal from the districts of the Surma Valley and from the districts of Kamrup and Goalpara of the chief provisions of the Assam Labour and Emigration Act, 1901 (VI of 1901), relating to labour-districts, it is desired to amend the procedure prescribed by the Act for the recruitment of labourers, so as to dispense with the taking of contracts in the case of emigrants proceeding to these districts. Provision is at the same time proposed to be made for giving a trial to the system of free recruitment by garden-sardars. With these objects clause 2 of the Bill re-enacts section 91 of the Act so as to enable Local Governments by notification to dispense with or relax any of the provisions of Chapters III and IV of the Act, subject to any conditions that may be prescribed in the notification. The clause has been made general in order that the new procedure may be applied hereafter, if considered expedient, to other labour-districts besides those referred to above.

2. Clause 3 of the Bill is intended to permit of the fees and fines realized under the Act being dealt with in the provincial accounts. The amendment of section 218 which it is proposed to make will admit of the deficits of one province being met from the surplus in another province, and, as the expenditure of the receipts is restricted to the purposes specified, it will enable Government to apply any surplus which may accrue after these purposes have been carried out towards the reduction of annual rate or the registration fees.

The 2nd June 1906.

STATEMENT OF OBJECTS AND REASONS.

ATTENTION was recently drawn to a case in which certain Portuguese native subjects of Damaun were refused permission to embark from the port of Bombay under engagement to work in Lourenco Marques, to which country emigration is not lawful under section 8 (1) of the Indian Emigration Act, 1883. The refusal was based on the ground that the term "native of India" in the Act included native subjects of foreign settlements. It is considered desirable to remedy the anomalous state of the law under which subjects of a friendly Power may be subjected to vexatious restrictions under the terms of an Act designed for the protection of British Indian subjects. With this object clause 2 of the Bill defines the term "India" so as to exclude from its meaning all foreign settlements in that country. The clause will permit of the embarkation of native subjects of foreign Powers from British Indian ports under circumstances such as those in the case referred to. It will also enable them, notwithstanding anything in section 105 of the Act, to depart by land out of British India for the purpose of entering into an agreement to labour for hire in any country beyond the sea. Clauses 4 and 6 of the Bill are enacted with a view to a provision being made by rule against possible evasions of the Act by British Indians under pretence of being foreign subjects. Clause 3 is a necessary complement of clause 4.

2. It is further proposed to take this opportunity to amend section 18 of the Act so as to enable Local Governments to appoint one or more Medical Inspectors. The existing provision which permits the appointment of only one Inspector has been found defective in that it does not take into account the possibility of the Inspector being unavoidably absent at the time when medical examination of emigrants has to take place. Clause 5 of the Bill affects this object.

LOCAL AUTHORITIES LOAN (AMENDMENT) BILL.

The Hon'ble Mr. MESTON moved that the Bill to amend the Local Authorities Loan Act, 1904, be taken into consideration. He said :—"When he introduced this Bill at the last meeting of this Council, Sir Edward Baker explained fully the purposes of the measure. Since then the Bill has been duly published and no objections have been received. We did not indeed anticipate that any objection would be taken to it, inasmuch as the purpose of the Bill is to remove a small and purely technical defect in the existing law, and its character is wholly non-contentious".

The motion was put and agreed to.

The Hon'ble Mr. MESTON moved that the Bill be passed.

ASSAM LABOUR AND EMIGRATION (AMENDMENT) BILL.

The Hon'ble Mr. HARVEY moved for leave to introduce a Bill to amend the Assam Labour and Emigration Act, 1901. He said :—"In September 1905, the Chief Commissioner of Assam recommended that Act VI of 1901, the Assam Labour and Emigration Act, should be withdrawn from the districts of Cachar and Sylhet in the Surma Valley and from the districts of Kamrup and Goalpara in Lower Assam. He represented that in the two former districts the provisions of the Act had fallen into disuse in respect of the management of labour on the tea gardens, and that in Kamrup and Goalpara the extent of tea cultivation was inconsiderable, and there were hardly any labourers subject to the provisions of the Act. The majority of the employers of tea garden labour in these districts were in favour of the withdrawal of the Act, and in the circumstances the Chief Commissioner held that the maintenance of a special law for the control of labour was unjustifiable. The Government of India agreed with this view, but preferred to defer action till the receipt of the report of the Committee which they appointed in February 1906 to enquire into the supply of labour for the tea districts of Upper Assam.

"The evidence recorded by the Labour Enquiry Committee in the recruiting districts showed, however, that there was a widespread feeling against withdrawing the recruitment provisions of the Act which apply to these districts. It was feared that abuses would spring up, if all control over the engagement of labourers for the Surma Valley and the districts of Lower Assam were given up. The Committee recognized the danger, but a majority were prepared to give the system a trial by suspending the operation of the recruitment provisions of the Act in so far as the Surma Valley and the districts of Kamrup and Goalpara were concerned, whilst at the same time exempting those districts from the provisions of the Act relating to the labour districts. Most of the Local Governments, when consulted regarding the Committee's proposals, were strongly opposed to the suspension or withdrawal of the recruitment provisions of the Act. They considered that abuses would arise, and that the portion of the law regulating the engagement of the labourers should be retained.

"The Government of India accepted these conclusions, and decided that only the provisions relating to the labour districts should be dispensed with. This it is proposed to effect by the issue of a notification under section 221 of the Act declaring that, with certain exceptions of a minor nature, the provisions relating to the labour districts are withdrawn from the districts of the Surma Valley and from Kamrup and Goalpara.

"It will then be necessary to legislate in order to enable the taking of contracts to be dispensed with in the case of emigrants proceeding to these four districts, and the present law, which in certain cases renders the execution of a contract in the district of recruitment compulsory, will have to be amended since the terms of the contract will no longer be enforceable. It is therefore proposed in the Bill before Your Excellency's Council to enable the Local Government by notification in the official Gazette to dispense with or relax any of the provisions of Chapters III and IV and section 90 of the Act relating to recruitment, on such conditions as may be prescribed in the notification.

"Clause 2 has been made general, so that the new procedure may be hereafter applied to any other labour district besides those referred to, should circumstances arise to render this advisable. The

amendment of the law which is proposed will also enable a trial to be given to the recommendation of the majority of the Labour Enquiry Committee, by permitting the Local Government to dispense with all the provisions of the Act governing recruitment in the case of labourers proceeding to the four districts. The Lieutenant-Governor of the United Provinces has expressed his willingness to allow a trial to be given to the United Provinces to the form of recruitment which is conducted by garden sardars, that is to say, labourers who have been to the tea gardens and return to their country to enlist other labourers. It is considered desirable to give free recruitment under this system a trial, with a view to ascertaining how far we can safely advance towards the final abandonment of the special legislation which at present controls the movement of labour between two parts of India. It has all along been the desire of the Government of India that the present law should disappear, and in the orders which were issued with the Secretary of State's approval on the report of the Labour Enquiry Committee, it has been announced that the Government of India will further consider the question on the expiry of two years.

"In clause 3 of the Bill opportunity has been taken to give effect to the principle that, if the revenues of a fund have not been specially assigned to local management and the expenditure is under the orders of Government, it should cease to have a separate existence and its accounts should be absorbed in the Imperial or Provincial accounts as the case may be. The Inland Labour Transport Fund which is constituted under section 218 of the Act is of the nature referred to. Clause 3 of the Bill is intended to permit the fees and fines realised under the Act to be included in the Provincial accounts. The amendment of section 218 which it enacts will admit of the deficits of one province being met from the surplus in another, a course which past experience has proved to be desirable. The expenditure of the receipts will be restricted to the purposes indicated in the Bill, and any surplus there may be will be applied towards reducing the annual or registration charges."

The motion was put and agreed to.

The Hon'ble MR. HARVEY introduced the Bill.

The Hon'ble MR. HARVEY moved that the Bill, together with the Statement of Objects and Reasons relating thereto, be published in the Gazette of India in English, and in the Fort St. George Gazette, the Calcutta Gazette, the United Provinces Gazette, the Eastern Bengal and Assam Gazette and the Central Provinces Gazette in English, and in such other languages as the Local Governments think fit.

The motion was put and agreed to.

INDIAN EMIGRATION (AMENDMENT) BILL.

The Hon'ble MR. HARVEY moved for leave to introduce a Bill further to amend the Indian Emigration Act, 1883. He said:—"The Bill introduces two amendments in the Indian Emigration Act of 1883.

"The first of these is designed to exempt from the application of the Emigration Act Indian subjects of foreign European settlements. The wording of the Act, as it now stands, includes these latter, who are consequently subject to the restrictions imposed upon the departure from India of Indians under a contract to labour for hire. The case which has led to the change in the law which we propose to make arose as follows. In October 1908 the Protector of Emigrants, Bombay, declined to permit the embarkation of some Portuguese subjects, natives of Damaun, who desired to proceed to Lourenco Marques to work in the salt pans. These men were in possession of passports from the Portuguese authorities and were only passing through Bombay *en route* to their destination. The action of the Protector, which was legally correct, was made the subject of a diplomatic representation to His Majesty's Government, and at their instance we have considered the advisability of amending our Act to meet the class of cases under consideration. The Local Governments consulted are agreed that subject to certain regulations being imposed to prevent the evasion of the Act by persons who are not the subjects of foreign European settlements, exemption should be provided for in favour of Indian subjects of the Portuguese and French settlements in India desiring to proceed under contract to countries outside India. For this purpose the expression 'Native of India' is being defined as bearing the meaning given to it in the General Clauses Act, and power is being taken to prescribe the procedure which should be followed by persons desirous of emigrating from British Indian ports who claim to be subjects of foreign European settlements in India.

"The second amendment is a slight one. Section 18 of the Act permits of the appointment by a Local Government of only one Medical Inspector at ports from which emigration is lawful. This has given rise to inconvenience when the Medical Inspector, as is sometimes the case, is a Civil Surgeon with other duties to perform. Power is now being taken in the amending Bill to provide for the appointment of one or more Medical Inspectors."

The motion was put and agreed to.

The Hon'ble MR. HARVEY introduced the Bill.

The Hon'ble MR. HARVEY moved that the Bill, together with the Statement of Objects and Reasons relating thereto, be published in the Gazette of India in English, and in the local official Gazettes in English and in such other languages as the Local Governments think fit.

The motion was put and agreed to.

The Council adjourned to Friday, the 7th August 1908.
